- Network design for the National LTE deployment plan for Germany (2013-2015. 4G/LTE)
- 2014 3G/LTE Network optimisation plan and implementation. Awarder 'GUT' country wide mobile network quality benchmark.

Telefonica Europe, Network Transformation Manager [↗](#)

2008 – 2012 Jul
London, UK

Telefonica Argentina, RF Engineer | Project Manager [↗](#)

2000 – 2008 Jul
Buenos Aires, Argentina

Education

Microverse Online School,

2019 Nov – present
Online, Online

Full Time program: Software Engineering / Full Stack Web Development

10 months with 2000+ hours of remote study and pair programming work mastering Algorithms & Data Structures, SQL, Full-stack development HTML, CSS, Ruby, Rails, Javascript, React, and Redux. (Documented Avg. 50 hs per week)

Key Projects (Click on links for full repo and live demos):

- Full Stack MVC RoR projects, using ERB, JQuery, with a Postgresql DB. TDD implementation. Full Rspec integration + unit testing suits. (Lessons Lab [↗](#) @github)
- Backend RESTful API using RoR secure Token (JWT) login and session authentication for ReactJs/Redux/HTML5/CSS3 front end applications. TDD implementation. Rspec/Jest unit testing suites. (my-team-api [↗](#) @github)
- React/Redux Front end design and implementation. Public APIs service consumption (Redux Crypto Catalogue [↗](#) @github)
- Vanilla ES6 JS OOP DOM Manipulation/ APIs (Dynamic Restaurant [↗](#) , Weather app [↗](#) @github)
- Vanilla ES6 JS + Phaser Library 2G Games (Warrior quest [↗](#) @github)
- Ruby Twitter Bot: Tweet reports automation delivery based on gap analysis on a GitHub repo using vanilla Ruby. (twitter bot [↗](#) @github)
- HTML/CSS3/SaaS: Web design implementation (Rayces Charity [↗](#) @github)
- Databases. SQL. Rails Active record queries and associations.

Coursera / University of Michigan, Python

2017 – 2017
Online, Online

Data Structures, Databases, Access Web Data

Munich Business School, Master of Business Administration (M.B.A.)

2013 Oct – 2016 Jun
Munich, Germany

General Management Business Administration programme.

London Business School, Decision Making for Leaders (Executive course)

2013 – 2013
London, U.K.,

Universidad Nacional de Tucuman, BS Electronic Engineering

1994 – 2000

Final Thesis (E2E Wireless link. Ground up HW/SW design and implementation)

San Miguel de Tucuman,
Argentina

Interests

Swimming, Running, Meditation: Vipassana - Old Student, Guitar Playing, Article Writing, Machine Learning / Electronic Projects (Raspberry Pi / Arduino). Bitcoin Mining Rig (2013!)
