2012 Jul – 2015 Jan
Munich, Germany

Telefonica Europe, *Network Transformation Manager* ⌨

2008 – 2012 Jul
London, UK

Telefonica Argentina, *RF Engineer | Project Manager* ⌨

2000 – 2008 Jul
Buenos Aires, Argentina

Education

Microverse Online School,

2019 Nov – present
Online, Online

Full Time program: Software Engineering / Full Stack Web Development
10 months with 2000+ hours of remote study and pair programming work
mastering Algorithms & Data Structures, SQL, Full-stack development HTML,
CSS, Ruby, Rails, Javascript, React, and Redux. (Documented Avg. 50 hs per
week)
Key Projects:
- HTMl/CSS3/SaaS: Web design implementation.
- Ruby Twitter Bot: Tweet reports automation delivery based on gap analysis on
  a GitHub repo using vanilla Ruby.
- Databases. SQL. Rails Active record queries and associations
- Full Stack MVC RoR projects, using ERB, Jquery, with a Postgresql DB. TDD
  implementation. Full Rspec integration + unit testing suits.
- Vanilla ES6 JS OOP + Phaser Library implementing 2G Games.
- React/Redux Front end design and implementation. Public APIs service
  consumption (Todo / Weather app)
- Backend RESTful API using RoR secure Token (JWT) login and session
  authentication for ReactJs/Redux/HTML5/CSS3 front end applications. TDD
  implementation. Rspec/Jest unit testing suites.

Coursera / University of Michigan, *Python*
Data Structures, Databases, Access Web Data

2017 – 2017
Online, Online

Munich Business School, *Master of Business Administration (M.B.A.)*
General Management Business Administration programme.

2013 Oct – 2016 Jun
Munich, Germany

London Business School, *Decision Making for Leaders (Executive course)*

2013 – 2013
London, U.K.,

Universidad Nacional de Tucuman, *BS Electronic Engineering*
Final Thesis (E2E Wireless link. Ground up HW/SW design and implementation)

1994 – 2000
San Miguel de Tucuman,
Argentina
